

GIVE US A CHALLENGE. WE'LL GIVE YOU AN AMPLIFIER.

Chances are, we already have the amplifier with the power, frequency and features you need for your industrial or scientific application. If you need something unique, we're up to the challenge. We'll create a solution that meets your specs and exceeds your expectations.

- **Frequencies from 0.01 – 1000 MHz**
- **Power from 5 – 2000 watts**

Features that give you a competitive edge

- Infinite VSWR Protection
- Specialized Configurations
- Temperature Compensation
- High Accuracy Output
- Fast Rise and Fall Time
- Low Inter-Pulse Noise Floor
- Phase and Amplitude Stability

AR products are backed by the best and most comprehensive warranty in the business and a global support system that's second to none. We're here to help you – today, tomorrow and always.
